

Colours & Fragrances scoops Malaysian award

Colours & Fragrances' shop at Kuala Lumpur International airport (KLIA) has secured the Speciality Store—Most Supportive Shopping Outlet accolade at this year's Malaysian Tourism Awards. The awards are organised by the Malaysian tourism ministry and are said to be the most prestigious of their kind in the country.

The company's 59sq m (635sq ft) store at Kota Kinabalu International airport was also nominated for the award, while Skymall Duty Free Langkawi, another subsidiary of DR Group Holdings, was nom-

inated in the department store category. Colours & Fragrances was

the only travel retailer to win a tourism award.

Colours & Fragrances buyer Amy Chew told *DFNI*: "The company has been viewed by the airport authorities as the most aggressive duty-free operator in Malaysian airports, with the highest yield per square foot. We have gained considerable respect from all quarters because of our professionalism in retailing and the high standard in every store; with top-class merchandising and sales service. This was proved by the Speciality Store award."
